N°. 754.

The SPEECH *of the Honourable* George Clarke, *Esq*: *Lieutenant Governor and Commander in Chief of the Province of* New York, &c.

Gentlemen,

WITH Pleasure I perceive by the Resolves of your House in *June*, that you did in your short sitting of two Days, enter in Part upon the Consideration of the present State and Circumstances of the Province; this early Beginning has prevented my recommending several Things to you, and gives me Hopes that the future Course of your Proceedings will be directed to His Majesty's Honour, and the true Interest of the Province: When they are jointly considered, as they ought to be inseparable, we may promise ourselves the utmost Felicity. Every Man's Private Interest must partake of Publick Blessings; and that small Portion that I have among you, will naturally lead me to grant every Thing that may promote the Common Good; every Thing, I mean, that is in my Power to grant: More than that you are too reasonable to expect, nor can I give into, without departing from my Duty to His Majesty, and betraying the Trust reposed in me; nor can you receive any Benefit by it, could I be drawn into such a Conduct; since all your Bills are subject to His Majesty's Disallowance. My Duty, my Honour, and my Inclination, bind me both to a strict Obedience of His Majesty's just Commands and Royal Instructions, to maintain and support His rightful Prerogative, and to the proper Administration and right End of Government, in protecting His Majesty's Subjects of this Province in the full Enjoyment of their Civil and Sacred Rights and Liberties; wherein it shall be my constant Study and unwearied Endeavour to persevere.

The Deficiencies of the Revenue, under which the Officers of the Government and their Creditors groan, call for your early Attention, and from your Justice and Honour I hope to see speedy and ample Provision made for them.

The well known Loyalty of this Province to the Crown, and their zealous Affection to his present Majesty, the Best of Kings, and his Royal and Illustrious House, have appeared conspicuous on every Occasion; and in nothing more than in the Support of Government which the Assemblies have at all Times given to His Majesty; and I assure myself that your Loyalty, Zeal and Affection, are nothing short of theirs who have gone before you. In this Confidence I do, with most assured Hopes of Success, earnestly recommend to you, to give to His Majesty a farther and honourable Revenue for the Support of His Government; such, and for such Time at least, as former Assemblies have given; wherein I hope a due Regard will be had to Trade.

The House at *Oswego* is in a ruinous Condition, and wants a present and thorough Repair. I daily expect a more particular Account of its present Condition from the Officer whom I have sent to Command there, and when I receive it, I will order it to be laid before you, that you may the better judge of the Sum it will require to repair it. It is a Place of great Importance to the Furr Trade, which, under a better OEconomy, may be carried to a greater Extent; and I hope you will make further Provision for the Support and Maintenance of the House and Garison.

When I went to *Albany* to meet the Six Nations, I was not without Hopes of getting them to revoke the Promise of Leave which they had given to the *French* Interpreter, to build an House at *Tierondequat*, in the *Sinecas* Country, and of obtaining from them an absolute Conveyance of some Land, to build a Fort on in that Place, and of as much more as might be sufficient to raise Provision for the Victualling that Garison and *Oswego* too; which would save the Country much Money, and secure to us the Fidelity of the Six Nations in all Events. How I have succeeded in Part, and how in other Part my Intentions have been defeated, will appear by the Papers which I shall order to be laid before you. All that I could then do, was to send the Interpreter, a Smith, and three other Men to the *Sinecas* Country, there to reside the ensuing Year, to keep the *Indians* steady to their Promise, not to suffer any *French* Man to build in their Country; and I hope you will make suitable Provision for that Expence.

Fort *Hunter* in the *Mohawks* Country is tumbling down; and that Part of the Barracks in Fort *George*, which for want of Money was left unfinished, when the rest of the Barracks were repaired, will soon be in as bad a Condition, if some Care be not speedily taken to repair it; I therefore earnestly recommend them to your present Consideration, as I do likewise the new Fortifications, which want the finishing Hand.

Whatever else you may judge necessary for the Tranquility, Prosperity and Security of the Province, wherein my Concurrence may be necessary, and which I may safely give, you may with Confidence expect; for it will be an inexpressible Pleasure to me to see Trade, Navigation, and Ship-Building encrease and flourish; Manufactures that may be useful to *Great Britain*, and beneficial to the Province, set on Foot and carried to Perfection; the Country repleniished with White People; and a general Benevolence and Harmony take Place again thro'out the Province. These are Things that are much wanted and universally wish'd for, hitherto neglected or not enough thought of, for Want of that Publick Spirit which is absolutely necessary to make a Country flourish. They are greatly in your Power; and if the good Understanding that is happily begun, continues to subsist between the several Parts of the Legislature, as I hope it will, I make no Doubt, but that the Province will soon reap the Fruits of it, and find their Expectations (from the Choice they have made of you their Representatives) fully answered, Posterity feel the happy Effects of it, and we shall all recommend ourselves to His Majesty's Grace and Favour, who makes the Happiness of His People His first Care and greatest Glory.

September 2, 1735. *GEO. CLARKE.*

By Virtue of an Order of the General Assembly, I do appoint John Peter Zenger *to Print this Speech.*

Lewis Morris, *junr. Speaker.*

SCOTLAND.

Edinburgh, Nov. 17. Last Tuesday the City Plate of 30 l. Value was run for on the Sands of Leith, and carried by a Horse belonging to Mr. Craggs, an English Gentleman.

Yesterday his Majesty's Plate of 100 Guineas was run for, 4 Horses started, viz. one belonging to Sir Marmaduke Wyvill, Bart. one to Sir John Rutherfoord, Bart. the very same who carried the City's Plate on Monday, the third to William Aislaby, Esq; and the fourth to Cuthbert Routh, Esq; the Horse belonging to the latter won the two first Heats; but a Protest being taken on account of some Informality in the Certificate of the Horse's Age, was challenged to run a third by Sir John Rutherfoord and Commissioner Wyvill; which was accordingly done, and the Heat won by Sir Marmaduke's Horse, who came in second the Heat before.

The Magistrates on Account of the above-mentioned Protest, are not to deliver the Plate till Proof be brought, that Mr. Routh's Horse is not above Age.

COUNTRY NEWS.

Newcastle, Nov. 19. Last Wednesday Morning died, at his Country Seat at Fenham, near this Town, Thomas Ord, Esq; Clerk of the Peace for the County of Northumberland.

Yesterday Se'nnight the Princess of Orange, of Burnham, Peter Coulsey, Master, laden with Coals, was run foul of by a light Vessel at Tinmouth, and bulg'd upon her Anchor with such Force, that she immediately sunk; but there is Hopes of recovering her.

Ipswich, Nov. 19. On Friday last at Night a Clergyman was attack'd on the Road, between Kelverdon and Stanaway in Essex, by a Highwayman, who met with such a Reception as obliged him to desist from his Purpose; but going on further he met another, whom he robbed of his Watch and Half a Guinea. They thought they knew the Person, and therefore went on Monday to Colonel Pryce of Colchester, a Justice of the Peace, to whom they declar'd the Matter, requesting of him to send for Dr. Davies, a Physician and Man Midwife of that Town. The Justice sent for him under some feign'd Pretence; and when he came, the other Gentlemen having quitted the Room, the Justice told him what he was charged with. He bluster'd very much, and pleaded his Reputation, &c. He was suffer'd to go away; when the Gentlemen came in, and said they could now positively swear he was the Person. He was fetched back immediately, being not out of Sight; and Officers were sent to search his House, and the Watch was found in one Place, and the Chain in another, of which the Owner had before given, and now repeated an exact Description. Then he could no longer deny the Fact, but said they should not have their Will of him, for he would destroy himself, and having sent for his Son, a Lad, he whispered him to fetch him some Arsenick, but that was prevented; and, in short, he was sent to Chelmsford, in a Chaise with a Pair of Horses. It is not doubted, but it was he that lately robbed the Ipswich Coach twice, between this and Colchester.

Northampton, Nov. 21. On Wednesday last died in an advanced Age, Henry Louth, Gent. who for near 60 Years was Steward to the Possessors of the Estate lying at Abington, near this Town. He was reckoned very rich; and his Death is much lamented by the Poor, to whom he was a Benefactor.

On the 15th Instant the whole Peal of *Grandsire Tripples*, containing 5040 Changes, was rung by the Society of Ringers at St. Michael's in Coventry, in 3 Hours and 9 Minutes; which was the first Time it ever was rung in that City.

On Thursday Night last Joseph Wright, a Baker of Moulton near this Town, returning Home from our Fair, was attacked near Harris's Lodge, by a single Highwayman, who robb'd him of about 40 s; and made off.

Oxford, Nov. 11. William Clifford was committed to our Gaol, for breaking open a House, and stealing a Gold Ring and several other Goods; and also for knocking down and violently assaulting Mr. Philips on the Highway, with an Intent to rob him; and also for deserting from His Majesty's First Regiment of Foot Guards; *and 'tis supposed he is Companion to the noted* Turpin.

LONDON.

They write from Vienna, that the Emperor has made the Duke of Modena a Major General, and General of the Ordnance; that upon the Depositions given in by the Count de Seckendorff to the Council of War, a certain great General was put under an Arrest, with 15 Men to guard him; and that the Answer deliver'd by the Count to some new Articles exhibited against him, on Account of a Memorial presented by the Velt Marshal Khevenhuller, has been deemed satisfactory. The Persons who have excused themselves from being President of the Committee to examine him, are the Counts de Palfi, Harrach, and Daun.

The Number of Turks order'd for the Siege of Oczakow, under Command of the Count de Bonneval, is 30000, of whom 20000 are Janissaries; and they are all said to be on the March thither from Bender, flushed with the Hopes of mighty Success under the Conduct of such a General.

Letters from Rome say, the Pope has created Don Francis, one of the King of Portugal's Brothers, a Cardinal.

The Report of Georgia being taken is entirely groundless; for by fresh Advices from thence, the People are all well, and were fully resolved to defend themselves to the utmost of their Strength, in Case they should be attacked.

Last Tuesday Mr. Cruden's New and Excellent Concordance to the Bible, with many Improvements beyond any Book of that Kind, was publish'd, which he had the Honour to present to their Majesties a few Days before the Queen's Illness, the Book being Dedicated to her Majesty, whose Death is now inexpressibly lamented.

On the 19th Instant, died at his Seat in Devonshire Richard Hill, of Priory in that County, Esq; in the 83d Year of his Age; whose Life was as good as it was long. His Father was the 9th Son of Hill, of Hills Court in Shropshire, who taking part with King Charles the First, and following his Service in the Civil Wars, was, for his firm Adherence, imprisoned in Devonshire, where contracting an intimate Friendship with Mr. Westcot, a fellow Sufferer in the same glorious Cause, he married his Sister, and settled in that County.

To Persons of either Sex Afflicted with any Species of the PALSY, *or other* NERVOUS DECAYS.

NEVER were NERVOUS DISEASES, PALSIES, and PARALYTICK DISORDERS so frequent as of late they have been, nor have the usual Remedies been found adequate to those pertinacious Distempers: This occasioned a Physician, who employ'd his Thoughts much concerning them, to adapt a Medicine, *a Sovereign Elixir*, peculiar to, and effectual for, the Palsy, and all other nervous Complaints now reigning, which after he had experienced on vast Numbers of Persons of both Sexes, and always with surprizing Success, even so as infallibly to cure by it the Palsy, and all Paralytick Effects and Nervous Disorders, he permitted it to be made publick for a general Good, that so those labouring under these miserable Ailments, might know where to meet with a safe and most certain Cure, which it accomplishes in so short a Time, and with such Ease and Pleasure (a few Drops of it being a Dose, highly agreable to the Palate, and comforting to the Stomach and Bowels) as is almost incredible to relate.

But the taking one Bottle of it only, demonstrates its prodigious Efficacy to every one, and the Patients soon find all Numbness, Deadness, and Shaking, or Resolution of the Nerves, as well as all convulsive, cramp-like, or painful Contractions of them, vanish and return no more; and this, though these Diseases have been of many Years standing, and whether occasioned by long Illness, fast Living, hard Drinking, or any other Cause; for it performs all that can be wish'd for in Nervous Cases, creates an Appetite, expells Wind, rectifies the Digestion, occasions laudable Chyle, attenuates the Blood and Juices, causes a free and regular Circulation of 'em thro' the Capillary Vessels, revives and increases the Spirits, warms, comforts, strengthens, and replenishes the Brain and whole Nervous System, hence the Sinews, Tendons, Ligaments, and all the enfeebled Parts are invigorated, the Limbs restored to their pristine Steadiness and Strength, and the Palsy and all Paralytick Disorders and Nervous Decays suddenly cured by it, to the Admiration of the Patients themselves, and all about them.

This sovereign and incomparable Elixir is permitted to be sold only at Mrs. Holt's, at the Crois-Keys and Star in Cornhill, near Stock's Market, at 3 s. 6 d. a Bottle, with printed Directions.

This Medicine having cured Thousands of Men and Women of Melancholy and Vapours, may be depended on for a perfect Cure; it strikes immediately at the first Cause of this Distemper, and entirely destroys it Root and Branch, rectifies that vitiated Ferment in the Stomach, which is generally the first and chief Cause, and thereby cures Indigestion, purifies the Blood and Spirits, strengthens the Brain and Nerves, cheers the whole Frame, stops Vomiting, clears the Head from confus'd Thoughts, removes Fears, Sadness, disturb'd Sleep, Twitchings of the Arms or Legs, cures Palpitation, or Trembling of the Heart; and indeed all other the many and various Symptoms that attend this grievous Distemper; for, take away the Cause, and the Effect will cease.
